If you have any questions, please contact the information.

Patients who are not covered by a public health insurance

*If you are not covered by The Japan's National Health Insurance plan, the cost of medical care may be high. You will be asked to pay 300% of the original amount on each day that you visit.

You can pay in cash or by credit card (VISA, JCB, MasterCard, American Express, DC Only). Please note that the cost of medical care for outpatients may vary depending on the services they receive, and we will not be able to tell you in advance about the amount of medical expenses to be paid.

*If your medical expenses are to be reimbursed by your insurer, you will be asked to follow the required procedure on your own after first paying 300% of the original amount at our hospital. Please note that our hospital cannot directly contact your insurer for the reimbursement procedure.

If you need a receipt in English, please ask at the cashier's counter for outpatients.
